

Animal Pattern Matching Cards

This set of animal pattern matching cards contains close up images of animals, birds, and reptiles.

There are 30 different photographs included in this collection, so you can pick and choose which photos are most ideal for your child's activity and you can make this activity as simple or complex as you choose.

The cards are intended to be printed on 4x6 photo paper or four photos per page of regular sized printer paper.

After printing the desired animal pattern cards, your child can use any form of animal toys or pictures and match them to the correct pattern.
